Produces . . .

ENews weekly from Principal Halt & PTSA with all important info for you to know that week.

Manages . . .

& Stocks the Triton Town Student Store

“Why Should I get Involved?”

- More than 85 research studies indicate that kids do better when parents are involved: Grades are higher, Test Scores improve, Attendance increases!
- You’ll know more parents that can help you through the challenges of raising teens today with great ideas on how to navigate the academic process at school.
- You’ll begin to know the teachers and Administrators that can help you when you have a question.
- It shows your child that they matter to you and school matters for their future!

“How Do I get Involved?”

- First, sign up for Enews! A weekly communication that will tell you things you need to know and what is coming up.
- Second, attend PTSA Meetings! You’ll love how informed you’ll be and learn things that you wouldn’t anywhere else plus have access to our Principal and Activities Director.
- Third, volunteer to help! There ALWAYS something to do!
